

Code of Conduct

Cranberry Valley Golf Course is committed to providing an atmosphere of hospitality, civility, and respect. We dedicate ourselves to the safety and well being of both staff and participants/patrons. All participants are expected to exhibit appropriate behavior at all times. We are a community and expect members of that community – staff, club members, paying patrons – to treat other members of the community as neighbors. Civility and respect are the minimum expectations.

The following guidelines have been developed to help make our programs safe and enjoyable for all participants. Additional rules may be developed for specific programs as deemed necessary by the Golf Committee in consultation with staff.

Respect of all participants – staff, club members, paying patrons -- is expected and required. Cranberry Valley is a family friendly environment, therefore, refrain from using obscenities and loud boisterous behavior inappropriate for children and good taste. Participants should follow program rules and take direction from staff.

If a person is:

- **Ignoring directions and/or requests from staff**
- **Using vulgarity**
- **Exhibiting belligerent behavior**
- **Making remarks of a personally destructive nature towards any other person**
- **Restricting or preventing someone of free movement**

If any one's actions are:

- **Of a physical, spoken or written act of abuse**
- **Of a violent nature**
- **Considered harassment**
- **Considered intimidation**
- **Considered extortion**
- **Considered dangerous**

Immediate disciplinary action may be taken regardless if the act is deliberate, intentional, or unintentional.

Rules regarding pace of play and respect for the golf course and other players are included in this policy.
